PREFACE

All thanks and praise are always directed to God Almighty for his Omnipotence, grace, and guidance, which have enabled us to finish English textbooks. This book's sole objective is to assist pupils in comprehending the content they must study and absorb.

Additionally, this book will include comprehensive details regarding the facts that will be learned from numerous dependable sources that are helpful as supplementary context for the chapters being studied.

We are aware that this book was not written because of our own labor of love. To assist us in finishing this book, a variety of parties provided data collecting, content selection, questions, and other services. We, therefore, want to convey our sincere gratitude to everyone who has given us advice and insight both before and during the writing of this book.

Additionally, we are conscious of how imperfect the book we are creating still is. So that we can write books even better in the future, we seek help and feedback from readers.

English language proficiency is becoming crucial for nurses working in the healthcare industry. It is because they must be able to communicate with others in their industry, particularly medical professionals, and patients.

The book aims to improve the English proficiency of Indonesian nurses. The topic picked for the book is appropriate for what nurses learn. The authors anticipate that nurses will find this book valuable in their efforts to learn English, particularly in assisting nurses in their efforts to comprehend nursery objects in English so that they may use English in their daily duties.

The most crucial and necessary talent, according to a need analysis that has been noticed, is speaking. The speaking skills section includes exercises to help you hone your speaking abilities. However, because reading is a crucial skill for nurses to have access material in English, the book also aids in the development of reading abilities. To keep the learners motivated in studying English, the book's tasks encourage speaking, reading, listening, and writing.
